transfers from other districts.

†Including transfers to other districts.

Collector of the ----- Dist. of -----

Head of Division.

Clerk in Assessment Division.

APPROVED:

correct;

district. Charges or credits entered in the recapitulation because of such transfers should be entered in red ink with the necessary explanation to distinguish them from other charges or credits reported thereon, and should be so reported until the same are paid or abated.

4. All credits must be taken in the month in which payments, abatements, or transfers are made.

5. As soon as the original assessment lists, Forms 23A and 23B, are received back from the Commissioner by the collector, a card, Form 1020, will be prepared in duplicate for each item of assessment, giving all the information required above the dividing line of said card. If the tax so assessed has been paid, such payment will also be noted on the cards. One of these cards will be forwarded to the Commissioner.
